You will then bring it along to a later session for assessment when completed at home, which will then go towards your final certificate of your Soft Furnishings achievements at Sewing Tuition.

There will be opportunities to learn other techniques that will assist you with your journey whilst attending. Session times are 10am to 4pm for your small group, 'one on one' tuition.

We aim to help you achieve your goals, supporting you in-between your days in our workroom.
